

LES CAMESCOPES ET ENREGISTREURS COMPATIBLES

Pour enregistrer les images filmées par la caméra casque BLACK EYE, l'enregistreur ou le caméscope doit être muni d'une connexion AV IN - La liste ci dessous vous renseigne sur la compatibilité des caméscopes listés.

D'autres possibilités techniques s'offrent à vous, avec des enregistreurs disque dur type ARCHOS ou encore des caméscopes ultra compacts de la marque [AIPTEK 8800 Silver](#) - [8900 Black](#) - Attention ne pas choisir la série NEO qui ne possède pas d'AV/IN voir www.rueducommerce.com
